

ENCYCLOPEDIA OF SOCIAL INNOVATION

Edited by **Jürgen Howaldt** and **Christoph Kaletka**, TU Dortmund University, Germany with the assistance of **Marthe Zirngiebl**, **Daniel Krüger** and **Karina Maldonado-Mariscal**

'In recent decades, the study of social innovations has become a vibrant and increasingly specialized field of research. This Encyclopedia offers a unique journey into this research area thanks to a plurality of theoretical frameworks, disciplinary perspectives and research angles from 77 articles. An essential reference!'

– Sylvain Lefèvre, University of Québec at Montréal, Canada

'With contributions from leading scholars and practitioners from all over the world, this comprehensive and extraordinary reference work provides a wealth of information on innovative approaches to addressing social and socio-economic challenges. Whether you're an academic, a social entrepreneur, or policymaker, the Encyclopedia of Social Innovation is a must-have for understanding and advancing social innovation.'

– Susana Borrás, Copenhagen Business School, Denmark

'The Encyclopedia of Social Innovation offers a rich set of topics and themes and insightful reflection by globally renowned scholars.'

– Johanna Mair, Hertie School, Germany

This invaluable *Encyclopedia* presents an interdisciplinary and comprehensive overview of the field of social innovation, providing an insightful view into potential future developments both practically and theoretically.

With entries authored by prominent international scholars, the *Encyclopedia* outlines the theoretical foundations, concepts, types, processes and measurement of social innovation. Entries cover a variety of key themes including social innovation ecosystems, co-creation, new technologies and methods, education, governance and policies.

The *Encyclopedia of Social Innovation* will serve as a significant reference point for both scholars and students of social entrepreneurship, sociology and management. It will also be beneficial for all those seeking to clarify various problem-solving routes in the face of contemporary societal challenges.

Key Features:

- 77 accessible and fully-referenced entries
- An interdisciplinary scope providing readers with a sound overview of social innovation in different research areas
- Exploration of the societal, political, business and entrepreneurial ramifications of social innovation
- Examination of the challenges caused by modern phenomena such as rapid population growth and how these challenges have affected new social demands.
